PROFILE

Second-year Computer Science student and enthusiastic Front-End Developer with a strong focus on building modern, responsive web interfaces using **React.js, Tailwind, and JavaScript**. Recognized for solid problem-solving skills in **C++**, effective team collaboration, and a commitment to continuous learning. Currently part of the **Digital Egyptian Pioneers Initiative's front-end track**, contributing to real-world projects and enhancing practical expertise.

SCHOLARSHIPS & TRAINING

Digital Egyptian Pioneers Initiative (DEPI) – Front-End Web Development Track   **2025 - present**
Sponsored by the Ministry of Communications and Information Technology (MCIT)
Selected for a national digital scholarship focused on modern front-end technologies including HTML, CSS, JavaScript, and React.js. Gained practical experience through structured training and real-world projects.

SKILLS

- React.js | JavaScript | Tailwind | Bootstrap | HTML | CSS | C++ | VS Code | Git | GitHub | Adobe Photoshop | Microsoft Office | Google Drive | Problem Solving | AI Tools

PROJECTS

Educational Platform Project – HTML, Tailwind CSS, JavaScript
Developed a fully responsive educational platform showcasing courses, instructors, and structured learning sections. Used Tailwind CSS for building a clean and modern user interface, and JavaScript to implement interactive features such as navigation toggles and dynamic sections. The project focuses on usability, visual clarity, and accessibility across devices.
🔗 Live Demo: https://ziadmostafa.netlify.app/

Basic Website Project – HTML & CSS
Created one of my first structured websites using basic HTML and CSS to understand page layout, structure, and styling. Included static sections like homepage, about, and contact. This project laid the foundation for my knowledge in web development and responsive design principles.

Graphic Design Practice – Adobe Photoshop
Created several basic designs using Adobe Photoshop, including social media posts, simple banners, and mockups. Gained hands-on experience with layers, text effects, and image editing tools.

EDUCATION

Fayoum University | 2024-2028   **2024 - present**
Faculty of Computing and Artificial Intelligence

COURSES & CERTIFICATES

- Object-Oriented Programming – MaharaTech

- HTML & CSS – MaharaTech

- Introduction to Cybersecurity – Cisco Networking Academy

- Introduction to Data Science – Cisco Networking Academy

EXTRACURRICULAR ACTIVITIES

Enactus Fayoum University – HR Member (2024–2025)
• Recognized as the "Best HR Member" of the season for outstanding contribution and engagement.
• Played an active role in recruitment, team coordination, and event organization.
• Managed the HR responsibilities for the Project Management team, including performance tracking and internal communication.
• Co-organized major events including "La Casa De Enactus" and the Enactus Bazaar.
• Collaborated with multiple sub-teams and supported campaigns and events across different departments, demonstrating adaptability and strong team spirit.
• Represented Enactus Fayoum in the Schneider Electric Battery Innovation Competition 2025 – Egypt Edition, where our team proudly won 1st Place.

IEEE Fayoum University – PR Member (2024–2025)
• Actively represented the PR team by delivering multiple presentations to potential sponsors and external partners.
• Took initiative in outreach and negotiations, successfully securing speaker and sponsor participation for events, including securing guest speaker "Ibrahim Abu-Elainen".
• Developed persuasive communication, public speaking, and professional networking skills while supporting the organization of several university-wide events.

Resala Charity – Ramadan Volunteering Season
• Assisted in sorting clothes, food, and medication.
• Delivered aid and participated in visits to elderly and patients.
